

MEMO

FROM: Jeff Horn, Chair – College Curriculum Committee
TO: Provost William Clyde
RE: Revision to Biology BA/BS Curricula Proposal
DATE: April 29, 2013

It is my pleasure to inform you that the Biology Department's proposal to revise the curricula for its BA and BS degrees has received final and unanimous approval from the College Curriculum Committee at its 24 April meeting. Prof. Michael Judge, chair of the Biology Department will submit the relevant materials directly to you. We believe that these revisions will improve the quality of the Biology program at Manhattan College and look forward to your final decision.

cc: Michael Judge, Dean Constantine Theodosiou, along with the members of the CCC.
